

INGEDE welcomes SCA Ortmann as new Member

SCA is Europe's largest and the world's fourth largest supplier of consumer tissue. The SCA Ortmann mill joined INGEDE in January 2010.

Their product range consists of consumer tissue (toilet paper, handkerchiefs and napkins) and AFH (away from home tissue). Products within the AFH segment are aimed for hotels, restaurants and catering, offices, industry and healthcare and include toilet paper, napkins, and dispensers.

Ortmann runs 1 deinking line with a

capacity of 165.000 to recovered paper per year. 2 papermachines PM4 with a width of 7m and a capacity of 90.000 to per year and PM9 with a width of 3.5 m and a capacity of 38.000 to per year are producing their products and the finishing section has a capacity of 130.000 to per year. 560 people are employed at SCA Ortmann.

INGEDE welcomes the Ortmann mill and is looking forward to a good cooperation!

Marion Klabunde

INGEDE Symposium 2010

On 11 Feb 2010 the annual INGEDE Symposium will take place at HbW

(Haus der bayerischen Wirtschaft) in Munich. INGEDE is looking forward to welcome guests from all over Europe and even USA. The INGEDE office has already received quite a good number of registrations. The deadline for registration is Monday 1st Feb 2010. Should you intent to visit the Symposium please contact the INGEDE office (marion.klabunde@ingede.org).

On page 2 you can have a look on the Symposiums' programme of the . More information can also be found at <http://www.ingede.org/ingindx/symp/symp2010.html>
