

Focus: Events in fall 2014

more than printing
**Digital Fabrication
 and Digital Printing**

NIP30

September 7 - 11, 2014

Philadelphia, Pennsylvania

NIP brings together all the key players in the field from universities and industry from all over the world. Among a host of related products and services, are exhibits featuring inks and toners, papers, films, and test equipment. **Axel Fischer of INGEDE will host a round table on "Recyclability and Deinking of Digital Prints-Ecolabels and Testing."**

<http://www.imaging.org/IST/conferences/philadelphia/>

The lectures are subdivided into four thematic blocks:

- Markets & Trends,
- Product Innovation,
- Science meets Practice and
- Process Innovation.

The business environment of the paper making and converting industries is changing rapidly. For the first time, PTS will therefore focus on future technologies for new valuable and recyclable materials.

...

RWM Conference

RWM in partnership with CIWM is Europe's premier event dedicated to resource efficiency and waste management solutions. The event is shaped around the demands of this rapidly growing sector and spans each element of the waste hierarchy.

Completely free to attend, over 13,000 key decision makers visit from municipalities, various waste producers in the retail, construction, hospitality, public and manufacturing sectors, waste contractors and consultants..

www.rwmexhibition.com

By the motto „Let's stick together - to grow our industry successfully, the stakeholder of the adhesive and sealant sector will meet in the German capital from 17 to 19 September 2014.

EcoPaper Loop
 Fachseminar in München
 9. Okt. 2014

Für ein besseres Papierrecycling in Europa: Papierprodukte, Verpackungen und Sammelsysteme optimieren. Im Rahmen eines halbtägigen Seminars werden Erkenntnisse aus dem Projekt einem interessierten Fachpublikum vorgestellt. Der Schwerpunkt wird dabei auf der Untersuchung und Bewertung der Rezyklierbarkeit von Papierprodukten – Verpackungen und Druckprodukte – liegen.
